OGLAIGH NA hEIREANN STATEMENT

The 32 County Sovereignty Movement was anonymously contacted by Oglaiigh Na hEireann who the press refer to as the Real IRA. The following statement was given:

"Having seen the upsurge in heroin use and heroin dealing in Cork, the Cork Brigade of Oglaiigh Na hEireann would like to issue this stern and viable warning to all drug dealers. We will no longer stand idly by and watch our streets and children be destroyed by drugs in our communities. There will be no more individual warnings or knocks on doors. This is your warning and if you continue to deal drugs then you will be held accountable for your actions by lethal force. Action has been taken against drug dealers in Cork in the past few years and in more recent times. Before Christmas a heroin dealer was identified and was tracked to the Northside of the city where action was taken against him. Let it be known that on this occasion the individual got lucky but was left in a position where drug dealing is no longer an option. We intend to make drug dealing a very hazardous pastime and are giving individuals this final opportunity to stop now. It is up to the dealers to make contact and clarify that they have stopped, otherwise they will remain under threat. We have adopted a no claim policy in the interest of security for our volunteers but the people on the street know that it is Oglaiigh Na hEireann behind the attacks.

A new list of drug dealers has been drawn up and we will strike when we are ready and not when it is expected of us. We would like to thank the individuals whose intelligence on drug dealers is invaluable to us in our continued campaign against drug dealing in our areas. Finally we would like to respond to a recent article in the Sunday World claiming that a 16 year old in Cork was trained by the Real IRA with a BB gun. THIS IS FALSE. All our volunteers are highly trained in both weapons and intelligence and we would just like to say that our actions speak louder than a thousand articles printed in these papers. Beir Bua."

STAND UP TO DRUGS IN CORK

In the past 12 months we have seen a dramatic rise in the number of heroin users in Cork. Each heroin addict is dependent on this lethal drug and they will do anything to obtain the money needed to purchase it from the evil dealers who have no morals or values and continue to destroy our communities and are a threat to the futures of our children and grandchildren.

Crime levels have risen as addicts rob and become involved in criminal activity and even more alarming is the amount of people actually over dosing and dying from this scourge we know as heroin.

We at the 32 County Sovereignty Movement say ENOUGH IS ENOUGH. We are all sick of the elected and well paid politicians coming on the radio talking about doing something but nothing is done. Fianna Fail have talked about it and in more recent times a local Provisional Sinn Fein councillor has been on local radio talking about it. We say talk is cheap and now is the time that we claimed back our streets and communities and let this scum know that we will not tolerate drugs in our area.

The 32 County Sovereignty Movement has a voice and our members will become more apparent and in your areas as we will be distributing regular newsletters (Beir Buas) and will be available to offer assistance to the good people of Cork. Confidentiality is assured and we will rally together and take whatever action is deemed necessary to stop this killer drug whether it means organised marches or otherwise. As Republican socialists we feel it is our duty to act now before it is too late and we ask you the people of Cork to support us and stand behind our banner where necessary.
